

## **Pediatric Behavioral Health**

An intensive therapeutic day program for children 3-7

### ***KIDS THRIVE NOW PROVIDING IN-SCHOOL PEDIATRIC MENTAL HEALTH SERVICES FOR CHILDREN AGES 3-10***

#### **CURRENT OFFERINGS:**

##### **Day Treatment Groups**

- For schools and centers that have an extra classroom space, a licensed mental health provider and group facilitator provide therapeutic groups where students from multiple classes are able to be combined for daily group sessions.

##### **Therapeutic Integrated Classroom**

- Groups and individual services provided directly in the classroom, facilitated by a licensed mental health provider and/or a group facilitator with support.

##### **Specialized Classroom**

- Tailoring our services to meet the unique needs of your school or district is our specialty. We offer customizable programs designed to align seamlessly with your specific requirements, ensuring that our program integrates effectively into your existing framework.

With our flexible approach, we can adapt our services to address the distinct challenges and goals of your educational community, empowering you to create a supportive environment where every child can thrive.
